DASH CAMS

Dash Cam, Full HD

Record. Save. Feel secure.

Highlights & Details

More safety and driving pleasure while driving! Action-packed routes and fast-paced curves: The perfect template for exciting road movies! In addition, your digital witness causes bad times for tailgaters as well as traffic-rowdies and secures additional evidence material while traffic accidents. The ednet Dash Cam records while driving the visual range of the driver. The camera is mounted quickly with the included suction cup to the windshield and provided with power via the cigarette lighter. The camera stores on the inserted memory card the filmed events from the road in an endless loop. If the card is full, the Dash Cam will overwrite the oldest video with the new material automatically. Of course, you can switch to the interval recording mode as well. The ednet Dash Cam is your versatile companion for on the road! Routes recording, surveillance, evidence videos and many more.

- High video resolution, 1080p Full HD (1920 x 1080)
- 3x digital zoom
- 120° wide angle-glass lens
- 2" LCD-Screen
- HDMI interface: Play the recorded videos directly via TV
- Cycle recording (1/2/3/5/10 minutes)
- 12.0 Megapixel photo resolution
- 2 LEDs for recording in the dark
- Memory: microSD (T-flash) card slot for up to 32 GB memory cards
- Video format: AVI, MJPG
- Photo format: JPG
- G-sensor
- Integrated microphone and speaker

DASH CAMS

Dash Cam, Full HD

Record. Save. Feel secure.

Highlights & Details

The Dash Cam HD by ednet is the new entry-level model for all who want to try a car camera for the first time. Or for those, who are looking for a more affordable alternative. The Dash Cam HD offers a video resolution of 720p and thus provides images in HD quality. It is to your digital witnesses on action-packed distances or by rapid curves. To obtain material for your own first "road movie". Of course, the recorded images may also be helpful if you should be involved in a traffic accident. Thanks to the included suction cup it is easy to attach the camera on the windshield. The Dash Cam HD will be powered via the cigarette lighter power. Your video is secured to an inserted SD memory card, you can use the slot with memory cards up to 32 GB. The best part: If the memory card is full, the Dash Cam HD overwrites the material. This creates an infinite loop, you can just go on in peace.

- High video resolution, 720p HD (1280 x 720)
- 3.0 Megapixel photo resolution
- 70° wide angle lens
- 2.4" LCD-screen
- Automatic and manual recording function
- Cycle recording (30 sec. / 1 min. / 2 mins.)
- 12.0 Megapixel photo resolution
- Automatic and manual recording function
- Integrated microphone
- Integrated speaker
- Time/date stamp
- Automatic and manual recording function
- USB 2.0 (Mini) port

DASH CAMS

Dash Cam Mini, Full HD

Record. Save. Feel secure.

Highlights & Details

The new Dash Cam Mini, Full HD is the little brother of the popular car camera (87230) of ednet. The camera is equipped with all the advantages of the ednet Dash Cams, but it is still smaller and more inconspicuous. Thus the Dash cam Mini, Full will be the ideal companion for any car. Whether for a holiday or business trips, the Dash Cam Mini records your journey reliably in Full HD. You can also draw on the interval or continuous recording. As her big brother, the Dash Cam can be mounted easily with a suction cup to the windshield. You can record on a memory card with a storage capacity of up to 32 GB. The built-in microphone and the associated sound recording can be switched on or off on demand. Record your favorite tracks or back up yourself in the event of an accident. The recorded video images are for you, in any case a profit.

- High video resolution, 1080p Full HD (1920 x 1080)
- 12.0 Megapixel photo resolution
- 3x digital zoom
- 120° wide angle-glass lens

CHARGING POWER

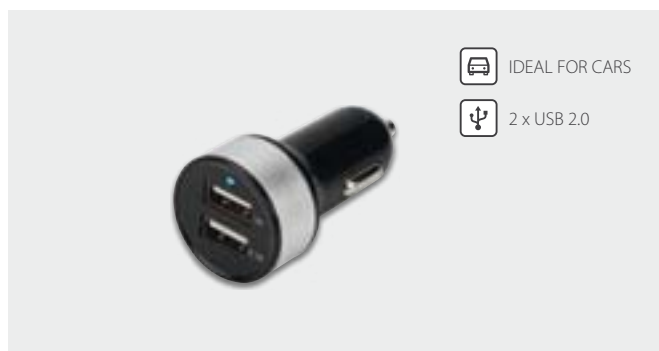

Premium USB car charging adapter with emergency hammer feature

Massive stainless steel casing also suitable for use as a rescue hammer in emergency situations

Highlights & Details

- Universal car charging device works with all mobile devices that have a USB charging port
- Rescue hammer feature for emergency situations
- Compatible with the standard 12V sockets (cigarette lighters) in a car
- Number of USB ports: 2
- Input voltage: 10.5 - 18V
- USB output voltage: 5V
- USB output current: 2 x 2.4A
- Overall USB charging power: 24W
- Protection against overloading and short circuiting
- Color: Silver
- Dimensions: L 5.5 x W 2.55 x H 2.55 cm

84120

USB Car Charger, 2 Ports

Charge fast and efficient up to 2 mobile devices at the same time in your car!

Highlights & Details

- 2 USB ports for charging up to 2 mobile device at the same time
- Output: 5V/3.1A (1A / 2.1A)
- Input: DC 12-24V
- Overvoltage protection
- Short-circuit protection
- LED indicator for charging process
- Dimensions: L 6.5 x W 3.0 x H 3.0 cm

84118

Universal USB Car Charger Mini

Tiny USB car power adapter - perfect to charge your USB device while travelling

Highlights & Details

- Compact size
- Compatible with most electronic devices with a USB-port
- Suitable to any vehicles cigarette socket
- Suitable for charging mobiles, MP3 Players, iPods®, iPhones®, PDAs, etc.
- Low profile, which doesn't disturb the usage of surface
- Finger puller to remove the device easily
- LED-indicator
- Input: 12-24V
- Output: 5V / 1A

31800

USB Car Charger, 3 Ports

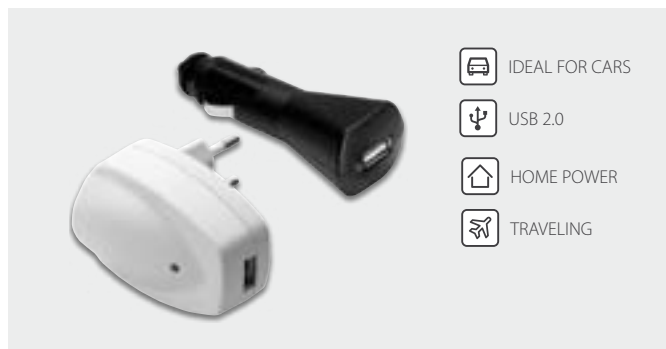

Charge fast and efficient up to 3 mobile devices at the same time in your car!

Highlights & Details

- 3 USB ports for charging up 3 mobile devices at the same time
- Output: 5V/5.1A (1A, 2A, 2.1A)
- Input: DC 12-18V
- Power LED indicator
- Overvoltage protection
- Short-circuit protection
- LED indicator for charging process
- Dimensions: L 6.0 x W 2.7 x H 3.5 cm

84119

CHARGING POWER

Universal USB Charger Set Home & Car

Set USB Charger Home&Car

Highlights & Details

- USB car charger: input 12-24V, output max. 650mA
- USB charger power supply system: input automatic 100-240V, output max. 1A

■ 84117

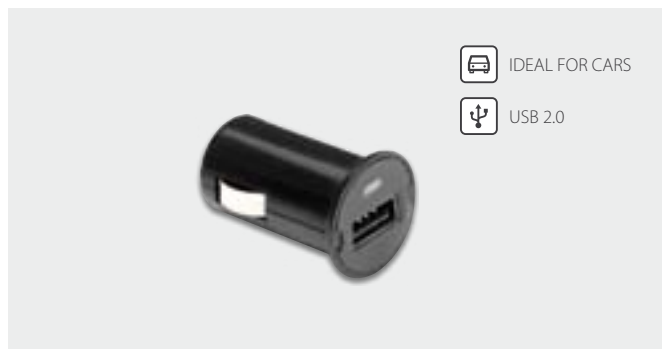

Universal USB Car Charger

Universal Car Charger for Smartphone, Tablets etc

Highlights & Details

- Input: 12-24V
- Output: 5V / 500 mA

■ 84112

Universal USB Car Charger Mini

Tiny USB car power adapter - perfect to charge your USB device while travelling

Highlights & Details

- Compact size
- Compatible with most electronic devices with a USB-port
- Suitable to any vehicles cigarette socket
- Suitable for charging mobiles, MP3 Players, iPods®, iPhones®, PDAs, etc.
- Low profile, which doesn't disturb the usage of surface
- LED-indicator
- Input: 12-24V
- Output: 5V / 1A

■ 84113

Bluetooth® Headset

Compatible with most Bluetooth® Cellular Phones

Highlights & Details

- Talk time up to 4 hours
- Standby time up to 100 hours
- Redialing and pick up function
- Dimension: 18.5 x 14.5 x 4.5 cm
